Mean		4860	5120	4870	3820	3720	3410

Numbers in parentheses indicate relative rank.

If a variety was not grown (or there was no data for it) in every location of a region, no data is reported here to preserve accurate statistics.

Individual results are available in the single location summaries.

Irrigated locations reported: Chico 2015, Clarksburg 2013-15, Fresno 2013-15.

Rainfed locations reported: Davis 2013-15, Tehama 2013-15.
